NOTIFICATION OF PROPOSED ROADWAY CONSTRUCTION

The Jefferson County Highway Department will be reconstructing CTH "J" from CTH "G" to Collins Road. The work is scheduled to take place beginning the week of April 18, 2016. The existing deteriorated asphalt pavement will be removed followed by the installation of culverts. Upon completion of the culverts, the roadway will be graded and new base course material will be placed prior to paving the roadway.

During construction the roadway will be closed to through traffic, but access will be maintained to local residences and businesses, as well as emergency vehicles. The road will remain closed until approximately mid-November, depending on the weather. During construction please find an alternate route to travel. A detour will be posted utilizing CTH "G", USH "18" and STH "89" for the West portion of the project and another using STH "89", STH "26" Business, CTH "W", and Collins Road for the East end of the project.

Please use caution within the construction areas and please keep children away from the operations. If you should have any questions, please feel free to contact Brian Udovich, P.E., Operations Manager at (920) 674-7273.
